

## Call to Projects

Eme3 is pleased to announce the deadlines to present projects to be selected and exhibited in the 5th edition of the eme3 International Architecture Festival, which will take place October 2010 6th to 9th in the Centre for Contemporary Culture of Barcelona (CCCB).

## Description of the Festival

In its 5th edition, eme3 aims to debate about the present situation of the architectural discipline and the role played by the architect, in order to reformulate its possibilities and its relationship to other disciplines.

To whom it is addressed?

It is generally assumed that the architectural practice is solicited, and also, that questions concerning the environment are a matter of architects. Facing this traditional (reactive) attitude towards architecture, eme3 looks for architects, designers, and multidisciplinary groups, as well as artists and any professional having a pro-active attitude towards architecture, that is, that being an architect not necessarily means building.

## What kind of projects should participate?

We are looking for projects which result from a critical position towards reality, that is, concerned with political, economical and social contexts. These projects we are referring to, can deal with issues related to ecological as well as political problems, the transmission of knowledge or the architectural discipline.

There isn't a specific presentation of projects required. Consequently, publications, working method and strategies, prototypes, artefacts, cartographies, architectural and urbanist projects, etc. are welcome.

## Documentation required

***There should be enclosed name and coordinates of participant, as well as a brief description of project and the graphical documentation required. Documentation ought to be presented in a maximum of 4 DIN A4 pages in PDF format.***

## Selection process

The organizer's committee of the festival will choose a maximum of 10 projects.

Criteria of selection is guided upon creativity of projects, its coherence in presenting it and ability of changing reality.

## Schedule

- Announcement date for sending projects: June 25, 2010
- Deadline for accepting projects: July 30, 2010
- Communication to participants of projects selected: August 30, 2010

## How to send documentation

All documentation required must be sent to: [mercado@eme3.org](mailto:mercado@eme3.org)

Enclosed should be all info in PDF format. In the e-mail text should be written name and coordinates of participant. Subject of the e-mail is: "Call to Projects eme3\_2010".
